The application has been amended as follows:

In the claims:

Claim 21 was erroneously not included in the text of claims presented in the amendment dated July 2, 2010. Since it is apparent that claim 21 should be included in the text of claims presented in the amendment dated July 2, 2010 in view of the statement by Applicant in the Remarks of the amendment dated July 2, 2010 that "Claims 1 through 31, 39 through 42, 44, 46 through 62, and 65 through 69 are pending in this application", the text of claim 21 that is to be included with the other claims is presented here:

The recitation:

--21. (Previously Presented)The method of claim 20 additionally comprising detecting saturation of the soil when the mixture accumulates on the surface rather than being absorbed into the ground and the mixture on the top surface reflects ambient light.--

has been inserted after the text of claim 20 and before the text of claim 22 in the amendment dated July 2, 2010.
